VISTA™

Waterborne Stain Systems

Bring out the beauty

A well finished piece of wood has a beautiful aesthetic. Why not use a high quality stain system to further that aesthetic appeal by enhancing the character of wood, accentuating the grain and enriching the appearance with a deep colour?

As part of the KCI COLOUR STUDIO™, the VISTA™ line offers limitless colour options through our palette of on-trend industry colours and custom colour matching. VISTA™ waterborne stain systems are engineered to be used in conjunction with KCI's GREENSTAR™ environmentally friendly waterborne finishing systems.

Features

- Compatible with all KCI's AQUA-ELITE™ and WOODGUARD™ waterborne topcoats
- Identically mimics the look of solvent-based finishes using a more environmentally friendly solution
- Suitable for all general interior wood finishing including furniture, cabinetry and millwork
- Limitless colour options available with the KCI COLOUR STUDIO™

B7725 VISTA PRO WIPE™ Waterborne Stain Base

- A waterborne stain that can be applied by spray or wipe
- Very good open time; once excess is wiped can be sealed very quickly
- Deep colour development possible by using both pigments and dyes
- 40 pre-formulated colour options from the KCI COLOUR STUDIO™
- Can be custom tinted or matched to an existing colour

B7384 VISTA™ Waterborne Wiping Glaze Base

- Applied by spray, brush or wipe
- Used to highlight wood profiles or to impart colour tones over stained or pigmented finishes; also used in finish distressing techniques
- 8 pre-formulated colour options from the KCI COLOUR STUDIO™
- Can be custom tinted or matched to an existing colour
- Can be used with KCI solvent-based systems as well

B7385 VISTA™ Waterborne Dry Glaze Base

- Applied by spray or brush then removed with an abrasive pad
- Used to highlight pigmented finishes by leaving a hang-up in the profile
- Creates a dry-brushed look on flats
- 8 pre-formulated colour options from the KCI COLOUR STUDIO™
- Can be custom tinted or matched to an existing colour
- Can be used with KCI solvent-based systems as well
