PIGMENTED POLYURETHANE SYSTEMS

ITALIAN POLYURETHANE TECHNOLOGY

PIGMENTED POLYURETHANE SYSTEMS

PRIMERS

6FPP021 White PU Primer

A high build white polyurethane primer with good hiding, quick dry and excellent sanding.

- 76% weight solids; 65% volume solids
- 40" viscosity Zahn 8 @ 20°C
- 45-60 min to sand
- 70%, 50%, 40% catalyzation (depending on catalyst)

6FPP225TIX White PU Primer

A high build white polyurethane primer with good hiding, quick dry and excellent sanding. Good for vertical applications.

- 71% weight solids; 55% volume solids
- 70" viscosity Zahn 4 @ 20°C
- 45-60 min to sand
- 50% catalyzation by weight with 6CTH3

6FPU49 PU Primer for Dark Colours

A polyurethane primer for tinting dark colours. This product is particularly well suited for MDF.

- 60% weight solids; 52% volume solids
- 35" viscosity Zahn 4 @ 20°C
- 120 min to sand
- 40% catalyzation by weight, 2 hrs pot-life

TOPCOATS

6OPP530G White PU Topcoat

A bright white polyurethane topcoat with excellent surface durability and smooth finished touch. This product is non-yellowing and has excellent crack resistance on 5 piece cabinet doors.

- 65% weight solids; 47% volume solids
- 45-50" viscosity Zahn 4 @ 20°C
- 45-60 min to sand
- 10,20,30,50 & 80 degree sheens
- 70% catalyzation by volume; 50% catalyzation by weight with 6CTH3

6LPP2530NC White Wet Look Topcoat

Ultra-high gloss white polyurethane topcoat with very good hardness and feel and yellowing resistance

- 72% weight solids; 60% volume solids
- 40" viscosity Zahn 4 @ 20°C
- 90-240 min to sand
- 100% catalyzation by weight with 6CTH46; 30-50% reduction with SOL-9054

ITALIAN POLYURETHANE TECHNOLOGY

Sirca is a global leader in the development and manufacturing of the highest quality industrial wood coatings. The Sirca line is a broad assortment of industry leading technologies including clear & pigmented polyurethanes, acrylic polyurethanes, waterborne & UV coatings, interior & exterior systems and stains.

Katilac Coatings Inc. (KCI), a Canadian manufacturer of conventional acid cured wood coatings including pre- and post-catalyzed lacquers, conversion varnishes, waterborne finishes and colour systems. KCI is Sirca's partner to bring their Italian finishes to the Canadian market.
