ORACLE™

Premium Wood Stain Systems

Bring out the beauty

A well finished piece of wood has a beautiful aesthetic. Why not use a high quality stain system to further that aesthetic appeal by enhancing the character of wood, accentuating the grain and enriching the appearance with a deep colour?

Whether it is a simple wiping stain or an NGR dye with a spray stain, KCI's ORACLE™ line of premium stains offers all the tools you need to bring out the beauty of wood. As part of the KCI COLOUR STUDIO™, the ORACLE™ line offers limitless colour options through our palette of on-trend industry colours and custom colour matching.

Features

- Compatible with all KCI solvent-based sealers and self-sealing topcoats
- Products geared for all application methods; wipe, hand-spray, automated application
- Suitable for all general interior wood finishing including furniture, cabinetry and millwork
- Limitless colour options available with the KCI COLOUR STUDIO™

Product Information

B7812 ORACLE™ Premium Wiping Stain Base

- An alkyd derived, solvent borne stain that can be applied by spray or wipe
- Very good open time; once excess wiped, can be sealed very quickly
- Deep colour development possible by using both pigments and dyes
- 40 pre-formulated colour options from the KCI COLOUR STUDIO™
- Can be custom tinted or matched to an existing colour

B7655 ORACLE™ Classic Spray Stain Base

- A very fast dry solvent borne stain designed for spray application only
- Can be hand sprayed or used on an automatic line
- Yields a more uniform, less grain defining look than a wiping stain
- 40 pre-formulated colour options from the KCI COLOUR STUDIO™
- Can be custom tinted or matched to an existing colour

T4421 ORACLE™ NGR Stain Base

- Non-grain raising dye stain provides the deepest, richest colour development
- Applied by spray, ideally HVLP; dries in seconds
- Can be used to develop an undertone or to even substrate variations
