AQUASURF ULTRA™

Waterborne Universal Primers

High performance waterborne primers for use under all KCI topcoats

AQUASURF ULTRA™

Waterborne Universal Primers

AU1 AQUASURF ULTRA™ Waterborne Universal White Primer is a self-cross-linking, acrylic based primer designed specifically for MDF and hardwoods. It is low VOC, HAPs free and does not contain any formaldehyde or isocyanates. AQUASURFULTRA™ is fast drying, easy to sand and high filling.

AQUASURF ULTRA™ provides an excellent base coat for a variety of KCI topcoat systems including waterborne, pre-catalyzed lacquers, post-catalyzed coatings, conversion varnishes and urethanes. AQUASURF ULTRA™ is especially well suited for use with KCI's AQUA-ELITE™ Waterborne Topcoats as part of a high-quality interior wood finishing system.

Features

- 60% weight solids; 43% volume solids
- Reduce (if necessary) and clean up with water
- Low VOC, HAPs Free, low odour, does not contain formaldehyde
- Fast dry and easy to sand
- High hiding, great filling properties on MDF
- AU1 can be tinted with Chromaflo 896 Colourants to achieve any colour

Canadian engineered and manufactured waterborne products that meet or exceed all current North American environmental standards including:

- Greenseal GS 11 Standards
- Green Guard Standards
- LEED 4.2 Low Emitting Materials – Paint & Coatings
- South Coast Air Quality Management District (SCAQMD) Rule 113- R- VOC

GREENSTAR™ products do not contain any of the following prohibited or suspect chemicals:

- Formaldehyde or formaldehyde donors
- Isocyanates
- Heavy metals including lead
- Phthalates
- HAPs solvents or volatiles
- Alkyl phenol ethoxylates (APE's)
- Triphenyltins (TPT) or Tributyltins (TBT)
